INFORMATION

Disinformation · Digital evidence · OSINT

CIVIL SOCIETY ONLY

International, national and specialist NGOs. Human rights organisations above all, and the subjects around them. Each admitted by a network that publishes its own criteria.

NOTHING REWRITTEN

Every entry points to the document on the publisher's own site. No summaries, no editorial ranking; the order is chronological.

CITABLE, AND KEPT

Each dispatch carries a permanent reference and a copy in the Internet Archive, so a citation resolves even if the site is gone.

SIX LANGUAGES

English, French, العربية, Español, فارسی, Українська. Right-to-left is native. Translations are labelled as such and the original is one click away.

IN BETA

Coverage is uneven and the list is still growing. Tell us if an entry is wrong, or if you would rather not appear. Full method at civilwire.org/methodology
